

EDUCATION

Northeastern University, Boston MA

Ph.D. student in Computer Science

Advisor: Prof. [Arjun Guha](#)

May 2025 - Present

Wellesley College, Wellesley MA

B.A. in Computer Science & Architecture | GPA: 3.98/4.0

Aug 2021 - Dec 2024

Massachusetts Institute of Technology, Cambridge MA

Cross-registered Student | GPA: 5.0/5.0

Jan 2022 - Dec 2024

RESEARCH INTEREST

My research focuses on large language models for code generation and agentic programming. I work on training and evaluating these models across a range of tasks and programming languages. I'm also interested in agent security, mechanistic interpretability, and human-AI interaction.

EXPERIENCE

Northeastern Programming Languages Lab, Boston MA

Pre-Doctoral Research Assistant

Feb 2025 - May 2025

Student Researcher

May 2024 - Jan 2025

- Reasoning Models Solving Verbal Puzzles

- Develop and maintain a live benchmark of frontier reasoning models on NPR Sunday Puzzles.
- Identify failure modes ARC-AGI misses, such as giving up, inconsistency, and over-reasoning.

- National Deep Inference Fabric

- Engineer code-free [NNsight](#) interfaces for non-experts to use logit lens and tuned lens.

- Code LLM Interpretability

- Study how LLMs internally represent pointers and aliases in code.
- Construct pointer benchmarks by A-normalizing NetworkX graph code of varying complexity.
- Use path-swapping patching to test if models store intermediate results in register tokens.

- Beginner Student - Code LLM Prompting Study

- Conduct counterfactual causal intervention experiments via tagging and substitution.
- Design a tool for CS professors to see students' knowledge gaps via prompt-editing graphs.

FELLOWSHIP & LEADERSHIP EXPERIENCE

- | | |
|--|-------------|
| • NCAA Division III Academic All-Conference Wellesley Varsity Swimming Team | 2021 - 2024 |
| • Teaching Assistant Wellesley Mathematics, Computer Science Department | 2022 - 2024 |
| • Volunteering Program Manager Wellesley Robogals Global | 2022 - 2023 |
| • Slade Summer Fellowship awardee Tanner Conference Speaker Wellesley Art Department | 2022 - 2023 |

TECHNICAL SKILLS

Programming Languages: Python, Java, JS/TS, C/C++, Golang, R, MATLAB. (in level of proficiency)

Development Tools: PyTorch, CUDA, NCCL, HTML/CSS, React, React Native, Node.js, Flask, MySQL, MongoDB, Springboot, OpenCV, Git, Docker, AWS EC2, Figma.
